

**“IF IT’S NOT
EASY TO USE,
IT STAYS ON MY TRUCK.”**

RhinoPRO™ 5000 makes labeling as easy as driving home. Designed by installers who know time is money, RhinoPRO 5000 is the tough labeling tool that outperforms every comparably-priced portable in real-world, jobsite conditions.

The features you need. The ease you demand. Exclusive one-touch “hot keys” eliminate guesswork and save you time and money. And with its impact-resistant rubber bumper and back-lit display, you’ll have no problem handling it, finding it, even dropping it.

RhinoPRO labels stick and last. Our easy-to-load, all-in-one cartridges hold easy-to-peel, split-back labels in materials that resist moisture, heat, UV and more. And thanks to industrial-strength adhesives, RhinoPRO labels stick and stay stuck. So you build your reputation (without shrinking your bank account), while you label quickly and easily.

Get **RhinoPRO 5000** and get the job done, for less. Visit www.rhinolabeling.com for more details.

Available at Accu-Tech, ADI, CSC, Fiber Instrument Sales and MilesTek.
A2052-01
