

# LABELING DOESN'T GET ANY EASIER.

WINDOWS-TO-WORKSITE™  
EFFICIENCY

## NEW RHINO 6000. User-friendly features let you label your way.

Create labels on a PC and download to RHINO 6000. Or create and print labels at the worksite. Either way, rugged RHINO 6000 simplifies labeling with advanced functions that are genuine time-savers. And RHINO labels stay stuck, long after you're gone.

- PC-connectivity for fast label downloads
- Easy-to-find, pre-programmed terms save you time (less keying)
- "Hot keys" for instant wire wraps and flags, vertical labels, serialized labels, sequential patch panel labels, and much more
- Heavy-duty construction with tough, impact-resistant rubber bumper
- Prints on RHINO labels up to 1" wide
- Industrial-strength adhesive labels resist chemicals, UV, moisture and extreme temperatures (-140° to 140°)
- Easy to afford, carry and use
